<b>Comments</b>	<input type="text" value="So when all these people turn up in their cars where are they going to park? Not everyone will come on public transport. The roads round here are already congested and worse when there are any issues on A44 or A 34. And please take account of all the extra housing which is about to happen in this area which will add to the traffic issues. The proposal to shut the road between Kidlington and Cutteslowe is ridiculous and possibly shows what little awareness Oxford United have of the traffic issues in this area. And does a big stadium have a place in what is going to be a residential area?&lt;br/&gt;The Triangle is about the last space between Kidlington and Oxford City. It is one of the last remaining Green Belt spaces in this area - all others are swallowed up in Oxford City's perceived housing needs. Are there really exceptional circumstances for it to be built on? The Triangle is a simple space which has developed it's biodiversity by being just that over many years. That cannot be replicated in a short space of time.&lt;br/&gt;I truly wish them well but struggle to believe that if Oxford United have all this revenue available why they couldn't make better use of it where they currently are.&lt;br/&gt;Finally I so hope that you won't take more notice of those folk who live miles and miles from this area who are in favour of this venture above the likes of me who lives nearby."/>
