Comments	<input type="text" value="I completely support the building of the stadium complex at the proposed location. I think they have carefully considered the location with exceptional rail and road services to minimise impact on the local surrounding areas and provide a great facility for the club, local community and Oxfordshire as a whole. Having a professional sports club in the county is really important to encourage young people to get out to exercise themselves as well as supporting the club which creates an excellent togetherness for everyone connected."/>
