Comments	<input type="text" value="Hi,
I lived in Oxford and then around Oxfordshire from 1968 to 2012 and now live near Sydney, Australia. I am still an Oxford United albeit Long distance. My family have had an association with the club for as long as i can remember.

We are delighted to see the forward thinking plans for their new stadium .

Oxford United is creating a wonderful community hub which will inspire young people, lead the way in health promotion, provide local jobs and investment, and provide world class facilities that reflect our county's world renowned image and reputation for innovation.

The land, effectively formerly wasteland, will be developed sustainably and sensitively and is situated next to a railway station, which will improve traffic flow for the county. The stadium will be fully eco-friendly. We all fully support the club's planning application!"/>
