The negative impact on the village is going to be immense, why:
More green belt erosion
Impact on wildlife
We already have an increase in housing developments we can't have anything more
Impact on house prices
Who will foot the bill policing these matches and the overspill into the village
Increase in co2 emissions
Impact of road closures - how do I get home from work when there is an evening game?
How do I access the village on a Saturday afternoon?
Why are my access rights to choose when I want to travel being impaired?
Impact of noise and light pollution
Majority of support for this venture comes from people living outside of the vicinity
Infrastructure is not there to support this
Parking and access is already bad enough without this
Please stop this now!"/>
