Comments	<input type="text" value="Although I am not an Oxford United supporter I have visited the current stadium several times over the years.
I have to say it is situated in an area where I have to use my car to get to the ground, because by using public transport it would take me almost 90 minutes to get to he ground
If the new stadium is built at the Triangle it will be so much more convenient to get to by rail and public transport.
As a former Head Teacher I have to say that Oxford United do so much for the community in so many ways, I understand that if this stadium is not built ,the club will have no home and will cease to exist. This cannot be allowed to happen.
