Type	neighbour
Comments	<p>Hi there</p> <p>I cannot stress enough how much I am in support of Oxford United obtaining planning permission for a new stadium on the land known as "the triangle".</p> <p>Oxford United are the biggest sporting faculty in the great county of Oxfordshire and for them to be able to offer the whole Oxfordshire community and beyond world class sporting and leisure facilities it will be an amazing asset to the county and the city of Oxford.</p> <p>It is going to bring great economic benefits for the local area and create jobs. It will have great transport links and should help reduce congestion on match-days as is the case at the current "stadium". The new stadium will be environmentally friendly including the great transport links I mentioned and also using a range of different technologies and bio diversity methods It really will be something people can be proud of.</p> <p>If planning permission isn't approved then I do fear that Oxford utd will as a club no longer be able to exist. This would be an utter tragedy and I can only envisage the damage it will cause not only to myself but to thousands and thousands of others who rely on the club for an escape from daily life and the mental stresses that can cause. It will have an adverse effect on people's mental and physical well being. The clue is In the name of the club - UNITED!!!! The club unites people from all walks of life.</p> <p>I do hope you take the above points into consideration when making a decision on planning and I thank you for taking the time to read my words.</p> <p>With the kindest regards.</p> <p>Luke Mcintosh.</p>
