Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The traffic is already horrendous getting about here with he stadium and all new housing developments and the inevitable poor public transport system for rural places around here it will be impossible for people to get children to school, get to work, and the inability to staff major public resources in oxford will get worse. You or your families all use the hospitals and health care, so please consider the staffing issues in Oxford already due to transport and traffic problems and build new houses by train stations and where are you able to promise really good public transport every 10 mins In the past the increased travel routes are short term"/>
