| Comments | <input type="text" value="I moved to Kidlington very recently because it had facilities, but still had a quieter and friendly 'village- like' atmosphere. Without doubt if the Oxford United football stadium gets built in this area - it will completely ruin the 'feel' of Kidlington - particularly on match days. The traffic chaos is the main issue for me - queues, traffic jams, parking everywhere (that leads to expensive resident permit culture) disruption and possible road closures are just some of the things that WILL happen if this application is agreed. I acknowledge it needs to be built somewhere, this is not just a NIMBY response. It really is not the right here. There must be alternative ideas for a place to site the stadium. Whereby it does not disrupt the lives of local people. Somewhere like the A40 westwards of Wolvercote roundabout where there has been development recently. Or in the opposite direction toward Headington. Please think again."/> |
