Address	<input type="text" value="12 Glynswood,Chinnor,OX39 4JB"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I fully support the Oxford Stadium project.

I note the proposals will increase the overall number of trees and open green spaces which will be available for everyone to enjoy. Improvements to the green environment are essential for everybody's sake and it is refreshing to see such extensive commitments to do so.

The move to reduce car usage in travelling to matches is another big plus in ensuring the future for our children and our children's children, as is the fact that the building will be constructed to the highest environmental standards and will be carbon-neutral when completed.

I also understand the the football club will pay for the upkeep of sports facilities in the area and will even upgrade to them. This is wonderful when councils are cutting the funding to these services.

There is also the economic benefit for the area. Beyond the immediate creation of jobs for those who need them, large developments provide opportunities for small businesses to develop and thrive which in turn generates more revenue for the council to improve services further.

Please approve the stadium."/>
