

Comment for planning application 24/00539/F

Application Number	<input type="text" value="24/00539/F"/>
Location	<input type="text" value="Land To The East Of Stratfield Brake And West Of Oxford Parkway Railway Station Oxford Road Kidlington"/>
Proposal	<input type="text" value="Erection of a stadium (Use Class F2) with flexible commercial and community facilities and uses including for conferences, exhibitions, education, and other events, club shop, public restaurant, bar, health and wellbeing facility/clinic, and gym (Use Class E/Sui Generis), hotel (Use Class C1), external concourse/fan-zone, car and cycle parking, access and highway works, utilities, public realm, landscaping and all associated and ancillary works and structures"/>
Case Officer	<input type="text" value="Laura Bell"/>
Organisation Name	<input type="text" value=""/>
Name	<input type="text" value="Judith Jefferys"/>
Address	<input type="text" value="8 Davenant Road, OX2 8BX"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I have lived close to several football grounds close to residential areas and experienced not only the massive increase in traffic, both cars and crowds, but as a woman, the harassment that comes with groups of young men. It made it impossible to leave my house during match days. There was also massive problems of littering. It will be essential to close residential roads to traffic.
This is also the last section of green belt between Oxford and Kidlington and will almost certainly lead to the merging of the two areas and result in the loss of very valuable wildlife and a green corridor allowing movement of the limited wildlife in this area.
It seems a very backward development, given climate change and the attempt to re-green our environment. The current out of town site does limited damage to with the rural or urban environment. There has been a concerted effort by OU, on commercial not environmental grounds, to move to a new, more urban, site."/>
