Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="My objections are:-

The obvious traffic issues that this would cause, roads having to be closed and the traffic congestion that would be caused.
Parking, where would the supporters park?
The noise from the stadium, especially for evening games when local residents children are trying to sleep.
The light pollution the stadium would cause for residents and wildlife.
The fact that this is Green Belt and the land is a boundary between Kidlington and Oxford.
The benefits are small compared to the upheaval that would be caused by traffic issues and and the upset to the local people."/>
