Comments	<input type="text" value="Oxford United Football Club provides a valuable social outlet for many people of all genders, all ages and across a wide range of backgrounds. All these differences are forgotten whilst supporting the team and this is a rare thing to happen in life and it would be a huge loss if the club were to cease to have a base. I urge you as a council to sign the Heads of Terms and lease option agreement to enable OUFC to secure a permanent home both for us existing fans and for future generations. Without this the club could cease to exist by 2026. The stadium plans look attractive and well thought through. The site could not be better in terms of access both for home and away fans with its proximity to park and ride sites as well as Oxford Parkway."/>
