| Comments | <input type="text" value="Whilst I believe the Stadium may well be good for the footballing youth of Kidlington and surrounding the impact and disruption it will cause to the Non football residents will be huge. The road closures while the crowds make their way to the ground and away from the ground will be totally disruptive. The football supporters needs seem to be more important than local residents. As a Kidlington resident I have several concerns one of which is how the parking will be controlled on match days I'm not sure this has been addressed. My concern is on road parking in the surrounding area as there are little parking facilities at the Stadium. The plans of the stadium look very impressive but fail to show what 16,000 supporters would look like on match days it just shows a few family groups milling around which isn't what is intended. It will be a very large structure with a five storey Hotel which would be in my opinion an eyesore"/> |
