Comments	<input type="text" value="Me and my family moved to Oxfordshire 14 years ago due to a new job. Within a year, I took my son (age 3) to a OUFC game at the Kassam. We've been hooked ever since. My young daughter also now attends with us. Some years we have been season ticket holders. It has been a great opportunity to spend time with the kids at a kid friendly venue. The only downside is that we have to drive to the Kassam. A moved to Kidlington would be perfect. Away fans could arrive easily by train and home fans could arrive my train and bus making it so much easier. I 100% support this move and do not believe that there will be significant traffic issues. The infrastructure in and around the stadium would also be a great asset to Kidlington. I see no downside."/>
