Address	<input type="text" value="30 Elton Crescent,Wheatley ,Oxford,OX33 1UZ"/>
Type of Comment	<input type="text" value="Support"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I've been an Oxfordshire resident for 45 years, and an Oxford United fan for the vast majority of those. I have never seen a better opportunity for the creation of a facility that the whole of the county can be proud of, instead of the current butt of many a joke, owned by a third party who has done nothing but attempt to destroy our club, continually fail in his obligation to maintain the historic Priory building. The new proposal would seem to be in a fantastic position in terms of access to public transport links, not just from within the county but also around the country. There are already bus services that pass the ground from Banbury, Bicester and the centre of Oxford, together with the train service from Didcot, Bicester and Thame. I see no reason why the sustainable transport target can't be met with very little additional planning. I hope that the committee are brave enough to allow this to be built, and that the area surrounding the ground sees the economic benefits for decades to come, both in terms of jobs and additional footfall"/>
