Comments	<input type="text" value="The development will negatively affect the Stratfield Brake Nature Site which is a valuable natural resource. I visit regularly to watch for birdlife and to enjoy the peace of the woodland.

A lot of Kidlington's surrounding greenbelt land has been used for housing. This is regrettable but housing is needed. The proposed stadium is not needed and will adversely impact the surrounding area.

I don't live in Kidlington but I know many residents are concerned about the impact of this development on nearby homes."/>
