Comments	<input type="text" value="I grew up in Oxford, and have supported the club since the mid 1990s. I now take my two daughters and know how important the club is to the tens of thousands of supporters across Oxfordshire and beyond. This is a unique opportunity to safeguard the future of the club and create a genuinely outstanding sporting and community asset and I urge the Planning Authority to approve the application. As a small side note, I currently drive to the Kassam due to the poor public transport connections - I would get the train if the new stadium is built."/>
