Comments	<input type="text" value="The negative impact of the Stadium on Kidlington and vicinity is a paramount consideration. The proposal to close the A4165 for periods before and after matches will greatly worsen the situation and damage trade in Kidlington. I live just off the A4165 and would avoid popping up to Sainsbury's in Kidlington or to Kidlington Market at times when closures were in operation, and lengthy diversions were therefore required. It is outrageous to close a main road on a regular basis to enable a private business to operate, and would set a terrible precedent. Why is the proposed development even needed, given that a lease extension has, I understand, now been offered on the present Kassam Stadium? OCC, stand up to vested interests and turn down this damaging development."/>
