Comments	<input type="text" value="I strongly support the new stadium for oufc.
If the new stadium is built it will enable me to travel by train directly to the complex in minutes rather than having to be away from home for 6 hours. This is due to having to travel by car to the kassam and needing to get to the game two hours before kick off in order to park in the main carpark. If I have to use the overflow carpark it's nearer 7 hours, not acceptable for a night game. As I live in a rural part of the county public transport is impossible to the kassam so car is the only option.
Please let the stadium go ahead. Oxford United will be homeless in two years, and without a ground the club cannot survive.
Please let a proud old 130year old club, our only professional football club in the county, survive.
Oxford needs and deserves the new eco friendly complex, something befitting our city and the entire county.
Please make your decision soonest and remember time is ticking by all too quickly.
Thank you
