Comments	<input type="text" value="40 years in kidlington village and I love it here as it is please do not destroy it. One thing that I can not get anyone to discuss and that is the road system around kidlington and surrounding area. 7500 new houses that's 7500 new cars minimum we will be lucky it the roads cope with that let alone a 16000 stadium being used 365 days a year and yes it will be. The road system could not cope 10 years ago and it certainly can't cope now without all the other building work and stadium. Please please please do no destroy our village."/>
