Dear sirs,

I would like to object to the proposed Oxford United stadium on the land known as the triangle opposite stratfield brake.

I feel it represents the loss of an important patch of green belt for wildlife and would also lead to traffic congestion and noise pollution as well as potential antisocial behaviour from football fans.

I also believe the development of the site would be detrimental to the quality of life in the neighbourhood with parking a particular concern and the threat of road closure on match days.

Yours faithfully,

Thomas Marshall
