Comments	<input type="text" value="I am afraid yet again, I feel duty bound to OBJECT TO THIS APPLICATION. I have consistently objected to the many planning applications, made by or on behalf of the Nocketts. The simple reason is that this property, known previously as the Bishops Blaze and other names, was an important community public house. It catered profitably, as a very good family venue and place to go to at anytime. A wonderful garden with far reaching views for many happy social occasions. It is wanted as a warm and welcoming public house. With the right person it certainly has a future for the young and old, centrally situated between the Gower and Ferris. A dwelling in that position would be inappropriate and infringe on the parking for the licensed public house which it still is. We are fighting for the public houses life, which the people of the Sibfords will thank us for eventually. Please save this public house."/>
