Comments	<input type="text" value="The proposal by Mr & Mrs Noquet to use the public house car park as a site for building would obviously make the public house a completely unworkable business as there is no other parking in the vicinity.
As I understand it the Bishops Blaze should be open as a public house to comply with the planning consent in place at the present time. The roads in the immediate surroundings are very narrow any additional parking would cause a severe risk to both road users and pedestrians.
I feel therefore that this planning application should be refused."/>
