<b>Comments</b>	<p>We are near neighbours of Mr and Mrs Crossley and the garden referenced in the application adjoins one of our paddocks.</p> <p>We have been here for over twenty years and Home Farm's garden was in its current format then, other than the greenhouse which was erected eight or nine years ago and a very small area of paving more recently.</p> <p>The adjoining properties through the valley are on the same boundary line as Home Farm's garden and thus in no way does it compromise the nature of the land between Sibford Ferris and Sibford Gower.</p> <p>It is a beautiful garden which was created over twenty years ago and has been lovingly maintained and enhanced by the subsequent owner and the current owners. Indeed the previous owner Mrs Kennedy used to open the garden under the National Garden Scheme. It is an asset to the village and enhances the Conservation Area.</p> <p>It should be no more than a formality to approve this retrospective application.</p>
