Comments	<input type="text" value="Brown/grey field sites in Banbury should be used for housing before building over productive farmland causing loss of food security. Supporting infrastructure in Banbury also needs consideration; there is a shortage of doctors, pharmacies, dentists etc. The loss of amenity and biodiversity affects our wellbeing and that of the trees and wildlife. Developers don't want the extra cost of building on brown field sites preferring the easy potion of green fields. That needs to change."/>
