<b>Comments</b>	<input type="text" value="I strongly OBJECT (again) to the proposed development. Developer's standard tactic - re-submit, re-submit, hope the public get bored of objecting. We are bored of it but we'll keep objecting in the hope our opinions are heard.&lt;br/&gt;The proposed site is an extremely prominent greenfield site outside the builtup limits. The site is considered to be unsuitable for development as development in this location would be prominent on the landscape, particularly when viewed from the east, on one of the highest points in the vicinity. It would lead to the loss of greenfield land and informal recreation resource for local people which is in close proximity to the existing Hanwell Fields development.&lt;br/&gt;Given the high landscape impact the Planning Committee must perform a site visit to fully understand the proposed site prior to deciding on the planning application.&lt;br/&gt;Let's all hope that this isn't yet another case of the local people, parishes and council having their needs and wishes disregarded"/>
