Comments	<p>As a resident of Hanwell Village I object to the Manor Oak Home proposal because:</p> <ol style="list-style-type: none">The proposed development will continue to add to the already piecemeal approach to use what was green belt agricultural land north of the two former aluminium sites when the District has and still has numerous brown field sites ripe for creating spectacular residential housing in the centre of Banbury adding to the much needed soul of the town.The proposed development will increase the light pollution around the Hanwell Community ObservatoryNot following the local plan makes a mockery of local democracyThe local water and sewerage infrastructure cannot cope with the existing properties, these will make matters worseThe piecemeal developments mean that there is no ability to plan the required infrastructure (schools, doctors, local shops etc) for the ever increasing quantity of properties.
