SCHEDULE OF CONDITIONS

1. The development to which this permission relates shall be begun not later than the expiration of three years beginning with the date of this permission.

Reason - To comply with the provisions of Section 91 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

2. Except where otherwise stipulated by conditions attached to this permission, the development shall be carried out strictly in accordance with the information contained within the application form, Design and Access Statement and the drawings numbered 7346-06 ('Proposed Location Plans') and 7346-05 ('Proposed').

Reason – For the avoidance of doubt, to ensure that the development is carried out only as approved by the Local Planning Authority and to safeguard the character and appearance of the area and the significance of heritage assets and to comply with Policy ESD15 of the Cherwell Local Plan 2011-2031, saved Policies C28 and C30 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

3. The materials to be used for the external walls of the extension hereby permitted shall match in terms of colour, type and texture those used on the existing building and shall be retained as such thereafter.

Reason - To safeguard the character and appearance of the area and the significance of heritage assets and to comply with Policy ESD15 of the Cherwell Local Plan 2011-2031, saved Policies C28 and C30 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

4. Notwithstanding the details submitted, no development shall commence in respect of the existing stone boundary wall including any alteration to it unless and until a schedule of materials, specification and finishes for the stone wall and capping has been submitted to and approved in writing by the Local Planning Authority. Thereafter, the development shall be carried out in strict accordance with the approved details and shall be retained as such thereafter.

Reason - To safeguard the character and appearance of the area and the significance of heritage assets and to comply with Policy ESD15 of the Cherwell Local Plan 2011-2031, saved Policies C28 and C30 of the Cherwell Local Plan 1996 and Government guidance contained within the National Planning Policy Framework.

IMPORTANT - BIODIVERSITY NET GAIN CONDITION

Biodiversity Net Gain

The effect of paragraph 13 of Schedule 7A to the Town and Country Planning Act 1990 is that planning permission granted for development of land in England is deemed to have been granted subject to the condition (biodiversity gain condition) that development may not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan, if one is required in respect of this permission would be Cherwell District Council.

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply.

Based on the information available this permission is considered to be one which **will not** require the approval of a biodiversity gain plan before development is begun because the following statutory exemptions or transitional arrangements apply.

Statutory exemptions and transitional arrangements in respect of the biodiversity gain condition.

4. The permission which has been granted is for development which is exempt being:

- 4.3 Development which is subject of a householder application within the meaning of article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015. A “householder application” means an application for planning permission for development for an existing dwellinghouse, or development within the curtilage of such a dwellinghouse for any purpose incidental to the enjoyment of the dwellinghouse which is not an application for change of use or an application to change the number of dwellings in a building.

Notes

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

DEVELOPMENT MONITORING

The Council has identified the development hereby approved as one that it considers appropriate to monitor during construction. We would therefore be grateful if you could let us know of your intention to start the development at least 14 days prior to the commencement of work on site. You can do this by emailing the Council on: monitoring@cherwell-dc.gov.uk and providing us with the following information: application number; application address; and the date you intend to start the development. During the monitoring period, we will be assessing the development against the approved plans, and compliance with any conditions imposed on the permission. It is in your interest to comply with this request as it will help to avoid any unnecessary, and possibly expensive, corrective works.

INFORMATIVE NOTES TO APPLICANT

1. **Conditions** – the applicant’s attention is drawn to the need to comply with all conditions imposed on this permission. Failure to do so could result in the council serving a breach of condition notice against which there is no right of appeal.

Under the Town and Country Planning (Fees for Applications, Deemed Application, Requests and Site Visits) (England) Regulation 2012 there is a fee payable each time you make a request to discharge any of the conditions attached to this permission. You can apply to discharge more than one condition at the same time. At the time of this decision the fee is £43 per request for householder development and £145 per request in all other cases. The fee may be more when you come to apply for the discharge of condition if the Regulations have been amended. The fee is payable when you submit the details to discharge the condition(s). The Council has ‘1app’ forms for such applications, but their use is not mandatory.

The Council has eight weeks to respond to applications to discharge conditions, so you will need to make your application in good time before commencing development.

NOTICE OF DECISION

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

NOTES TO THE APPLICANT

TIME LIMITS FOR APPLICATIONS

By virtue of Sections 91-96 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, planning permissions are subject to time limits. If a condition imposing a time limit has been expressly included as part of the permission, then that condition must be observed. Otherwise, the development must be begun not later than the expiration of 3 years from the date on which permission was granted.

STATEMENT OF ENGAGEMENT

In accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) and paragraph 39 of the National Planning Policy Framework, the Council has worked positively, creatively and proactively to determine this application within the agreed timescales, having worked with the applicant/agent where necessary and possible within the scope of the application (as set on in the case officer's report) to resolve any concerns that have arisen, in the interests of achieving more appropriate and sustainable development proposals. Consent has been granted accordingly.

The case officer's report and recommendation in respect of this application provides a detailed assessment of the merits of the application when considered against current planning policy and guidance, including consideration of the issues raised by the comments received from consultees and members of the public. This report is available to view online at: <http://www.cherwell.gov.uk/viewplanningapp>.

OTHER NECESSARY CONSENTS

This document only conveys permission or approval for the proposed development under Part III of the Town and Country Planning Act 1990 and you must also comply with all the bye-laws, regulations and statutory provisions in force in the District and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 (as amended), or other legislation.

In particular you are reminded of the following matters:

- The need in appropriate cases to obtain approval under the Building Regulations. **The Building Regulations may be applicable to this proposal. The Building Regulations may be applicable to this proposal. You are therefore advised to contact the District Council's Building Control Manager before starting work on site - Telephone: 01295 227006. Email: Building.Control@Cherwell-dc.gov.uk**
- The need to obtain an appropriate Order if the proposal involves the stopping up or diversion of a public footpath.
- Data supplied by the National Radiological Protection Board (NRPB) and the British Geological Survey (BGS) suggests that the site of this application falls within an area which is potentially at risk from radon. This may require protective measures in order to comply with the Building Regulations if your consent relates to a new dwelling or house extension. Further advice on whether protective measures are required under the Building Regulations can be obtained by contacting the Building Control Manager on 01295 227006 or E-mail at building.control@cherwell-dc.gov.uk

- The need to obtain a separate “Listed Building Consent” for the demolition, alteration or extension of any listed building of architectural or historic interest from the Local Planning Authority.
- The need to make any appropriate arrangements under the Highways Act in respect of any works within the limits of a public highway. The address of the Highway Authority is Oxfordshire County Council, Speedwell House, Speedwell Street, Oxford, OX1 1NE.
- It is the responsibility of the applicant to ascertain whether their development affects any public right of way, highway or listed building.

APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Local Planning Authority to refuse to grant planning permission or grant planning permission subject to conditions, you can appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990.

If you wish to appeal, then you must do so within **12 weeks** of the date of the decision **Unless**;

- The decision on the application relates to the same or substantially the same land and the development is already the **subject of an enforcement notice** then you must appeal within **28 days** of the date of the Local Planning Authority’s decision on the planning application.
- If an **enforcement notice is served** relating to the same or substantially the same land and development as in your application and if you want to appeal the decision, then you must do so within **28 days** of the service of the enforcement notice, or 6 months (12 weeks for householder and minor commercial) of the date of this decision whichever is the sooner

Forms can be obtained from the **Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. Tel (0303 444 5000) Or online at www.planningportal.gov.uk/pcs**. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to them that permission or approval for the proposed development could not have been so granted otherwise than subject to the conditions imposed by the Local Planning Authority, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by them.

PURCHASE NOTICES

If either the Local Planning Authority or the First Secretary of State grants permission or approval for the development of land subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the District Council. This notice will require the District Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

COMPENSATION

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is granted subject to conditions by the Secretary of State on appeal or on reference of the application to them. These circumstances are set out in the Town and Country Planning Act 1990 as amended by the Planning and Compensation Act 1991.
