Comments	<input type="text" value="Not again! I object to Deanfield backing out of the obligation to provide allotments agreed to in the original application for planning approval. We have already lost land for growing crops, bio diversity and habitat for wildlife. The allotments would have given people the opportunity to grow food, be outside and for young people to learn something about horticulture and where food comes from. Why do we always let the developers ride roughshod over the rights of local residents. he allotments were agreed to and the developers must abide by their obligations and pay for the upkeep if necessary."/>
