Comments	<input type="text" value="I object strongly to this variation to remove the allotments
Being recently retired and a keen gardener for many years I was looking forward to applying for an allotment. It is an amenity which would be well received within the village . A place where people can meet, get outside, get some exercise, grow and share their produce
On a personal level I was looking forward to growing fresh veg with my inner city granddaughter.
It is disappointing to say the least that this amendment can be applied for at this very late stage.
What next cancel the orchard? The wild flower meadow? Build affordable houses -that won't be- to replace the green spaces
Regarding the timing of the application, just before Christmas. Was the hope that it would slip under the radar?"/>
