

Eaves and Verge Treatments

Along with the accompanying Bute3 Technical Data Sheet, the wet eaves and verge clips are detailed below. This has also been submitted to the Council in relation to Condition 2 for the Roof Tiles (LPA Ref: 24/03189/DISC).

Bute3 Tile Clip

Bute3 Eaves Clip

Bute3 Verge Clip

Clips

Bute3® has its own uniquely designed tile clip which doesn't require nailing. The easy to install clip provides a secure fixing suitable for use in all UK locations and assists in the roof installation conforming to BS 5534.

The requirement for tile clips is determined by obtaining a site-specific fixing specification, available [here](#).

Bute3 Verge Clip nail size: 25mm x 3.35mm

Bute3 Eaves Clip nail size: 25mm x 3.35mm

(dependent on substrate/over fascia vent strips)

Fascia and Soffits

Freefoam Roofline Range. Please see accompanying Technical Sheet.
