<b>Comments</b>	<input type="text" value="I wish to object to the proposal to build houses, and cricket grounds on the land behind The Moors. It is totally unsuitable, and not a place to build houses, or anything else. The area is used continuously by dog walkers, walker, runners, and is very close to houses already built, in fact, it will over look them all. What a thing to have people peering into your property, when you are sitting peacefully in the garden. The ground also has a lot of wild animals and flowers, often deer are seen there. It is also known for the land to be flooded, I wouldn't want to live in a house built on flood plains. Please leave the green fields of Kidlington alone, there is already too much planned housing now, as well as the awful football stadium."/>
