Comments	<input type="text" value="(a)This is GREEN BELT land which has never been developed. (b) It provides a recreation area for Kidlington residents which is essential for good health.(c) It is next to St Mary's Fields Nature Reserve, and these fields are home to a variety of wildlife in the hedges and trees. (d) 5,000 houses are already in the pipeline for Kidlington. (e) The infrastructure required such as sewage treatment and water supply for so many new homes has not been developed yet. (f) Parts of the site are regularly flooded and this development could spread this problem to existing local houses. (g) Local roads are already suffering daily congestion which would get worse with another 350 homes feeding cars onto The Moors, Benmead Road, Banbury Road, Oxford Road etc."/>
