Address	<input type="text" value="7 Wilsdon Way, Kidlington, OX5 1TN"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Having moved to The Moors, Kidlington 1969 with my family. We had 50 years living on The Moors with the lovely fields behind us. There's so much wildlife living in the fields, as well as all the wild flowers growing etc, these would be lost if houses were to be built on the fields behind The Moors. Kidlington has over the years had its fair share on new developments. Including The Moors itself being extended at the end of the 1970's. There aren't that many green spaces left in Kidlington after so much development throughout Kidlington. The fields behind The Moors, are classed as part of Green Belt area, though unfortunately that doesn't seem to count for anything these days. It would be such a shame for one of the last remaining areas of natural beauty for wildlife in Kidlington be lost for everyone to enjoy. Enough for building more developments in Kidlington, we've had enough. Especially on Green Belt areas"/>
