<b>Type of Comment</b>	Objection
<b>Type</b>	neighbour
<b>Comments</b>	<p>I strongly object to building plans on the Green Belt behind the Moors in Kidlington. This area is saturated with wildlife that must be protected. It's overwhelming evident that our biodiversity is decreasing and under threat, as is the well being of Kidlington residents who are quickly losing their open and natural spaces.</p> <p>This plan is based on greed and taking advantage of government building plans still under debate by our MPs. Kidlington residents have the right to keep their natural green spaces and a chance to understand the consequences of what is being proposed. There is plenty of housing developments taking place in Kidlington already, without reasonable infrastructure plans on how to counteract the inevitable strain it will cause. These other housing plans surely add up to a fair portion of Kidlington's contribution towards the housing crisis. The land in question is also notably prone to floods, hence it's history of the type of wildlife it sustains. Please don't let such a disastrous plan take place.</p> <p>I will be contacting our MP Calum Miller who has been supporting the CAN Bill.</p> <p>Thank you, Donna Bennett 55 The Phelps Kidlington Oxford OX5 1 SU</p>
