

Comment for planning application 25/01346/OUT

Application Number	<input type="text" value="25/01346/OUT"/>
Location	<input type="text" value="Part OS Parcel 0006 North Of The Moors Kidlington"/>
Proposal	<input type="text" value="Outline planning application with All Matters Reserved (except means of access) for up to 340 dwellings (Use Class C3), land for local community use and pavilion, landscaping, public open space and associated infrastructure, including demolition of 162 The Moors to enable all modes access"/>
Case Officer	<input type="text" value="Carlos Chikwamba"/>
Organisation Name	<input type="text" value=""/>
Name	<input type="text" value="Jason Hakin"/>
Address	<input type="text" value="35 The Moors,Kidlington,OX5 2AH"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The proposed development should not be allowed to go ahead for several reasons. 1: valuable outdoor green belt space which is community essential and also home to countless species of wildlife. 2: the area floods in winter and rainy periods and appears to be a natural flood plain which will cause spill over flooding to existing homes and roads. 3: Traffic and Access. We live very near the proposed round about at Benmead road. Traffic down the Moors is extremely heavy and local residents park in the street which leaves only a single lane of traffic for both directions that approaches the proposed roundabout location. Cars simply will NOT be able to drive down this road and it's estimated that with 360 new homes there is a potential of over 1000 new vehicles per day using the Moors which will be gridlocked at school and work times and will massively increase pollution in an area with care homes for both the elderly and disabled right next to the roundabout. From our front window we regularly witness drivers in screaming matches and some physical altercations and as well as an instance of intentional ramming to make someone move. The roundabout will be dangerous and unsafe for everyone. Strongly And vehemently object to this destruction of beautiful natural space."/>
