Dear Cherwell District Council

I would like to voice my objections to the proposal of 340 houses on the land behind The Moors, Kidlington

This land is frequently used by walkers and dog walkers and it is very important for peoples well being to be able to get out into the open countryside. There is an abundance of different kinds of wildlife to be enjoyed.

This is green belt land and should not be used for housing. The land in question suffers from frequent flooding and is therefore unsuitable for development leaving nowhere for surface water to run off.

Excessive traffic at peak times is already a problem making it incredibly difficult to get in and out of our driveways in The Moors. This will only be exacerbated greatly by the development of this land.

There is also insufficient infrastructure in Kidlington to accommodate all these extra people, the health centres and pharmacy's are already struggling.
