Subject: Application 25/01346/OUT. Liz Brandom. 5 Woodlands, Kidlington OX5 2ER

I OBJECT to this proposal to build 340 houses on land behind The Moors.

This land is a vital open space for all ages, promoting physical and mental well-being, in an increasingly over-developed village. (There are already development plans for 4,400 new homes in Kidlington being proposed with resulting pressures on roads/amenities etc).

At Woodlands we already live in an area prone to flooding, and have to monitor the flood warning sites every time there is a flood alert. This flooding threat will be hugely aggravated with the loss of The Moors greenbelt land.

I am heavily involved in local nature/wildlife monitoring and preservation projects and am thus very aware of the detrimental effect on nature this development would have.

Overall this application will have a negative impact on the quality of village life, and I urge you to reject it.

Yours sincerely,

Liz Brandom 5 Woodlands Kidlington OX5 2ER Application 25/01346/OUT
