Comments	<input type="text" value="I object to this proposed development as:
the land is Green Belt and should be preserved;
it would be damaging to nearby nature conservation reserves;
it would negatively impact on local people's mental and physical health by removing access to areas of unspoilt countryside;
it would negatively impact on the transport and local road networks which are currently operating at or over capacity with congestion affecting local residents and businesses;
it would exacerbate well publicised problems with flooding, sewerage and water supply capacity."/>
