I **object** to this application.

I have done so by email as your Planning Register for 25/01346/OUT does not allow me to object or approve as the drop-down selection does not work.

My reasons are:-

This land has always been considered as green belt.

These fields regularly flood and act as flood protection for existing houses.

The congestion on the Moors, which is already used by many as a rat run, will be appalling.

There is no provision for additional schools, doctors, dentists, and this proposal adds to all the other Kidlington developments already built recently and in the pipeline. Yesterday I was 27th in the queue when I phoned my doctor's surgery and that is not unusual.
