<b>Comments</b>	<p>Having previously lived in the Moors, Kidlington and worked as an employee for the Late Alan Bulford whose family previously owned the farm land in question, I have ploughed cultivated and harvested this farm land with wheat Barley and oil seed rape for a number of years.</p> <p>I object strongly to this planning application for the following reasons;</p> <p>The loss of agricultural land being taken out of production.</p> <p>Loss of environmental wild life and habitat such as deer, badgers, hares, lapwings, and skylarks to name a few.</p> <p>Loss of tranquil and beautiful scenery for people to enjoy.</p> <p>Loss of the village pond with a history of great crested newts.</p> <p>The extra strain on the present Infrastructure of (Doctors, Dentistry, schools, and sewage disposal which are already a concern for the Kidlington residents.</p> <p>Increase in traffic along the Moors already posing a problem to its current residents.</p> <p>No effort to preserve the oldest part of Kidlington.</p> <p>Please reconsider this application and use brown field sites first, before destroying very precious green belt land, which once lost can never be returned.</p>
