Comments	<input type="text" value="As a former resident of Kidlington still with connections, I object strongly to the proposed plan to build on the fields behind the Moors for the following reasons

Increased flooding to existing properties in the Moors.

Using precious green belt arable farm land for housing and not food.

Taking away the valuable outdoor space and views that is a beneficial health resource for its Kidlington residents.

Loss of the wildlife, like deer, badgers, foxes, hares, wild birds and long established flora.

Loss of the pond that is a much loved landmark for residents and housed newts. This area should not be demolished for a roundabout.

More pressure on Kidlington's overstretched health centre, dentists, and sewage disposal.

Increased traffic in the Moors that is already used as a short cut through Kidlington for congestion on the A4260.

Building to the detriment of its neighbouring residents."/>
