Comments	<input type="text" value="I are writing to object to the proposed development on the land behind The Moors application number 25/01346/OUT
My concerns are the following:
I use this space daily for walks, I feel so lucky to have such a beautiful countryside on my doorstep, and it has improved both my physical and mental health. I see so much wildlife on each and every occasion it would be so sad to lose it if houses are allowed to be built on this greenbelt land.
As a resident of The Moors I am concerned about the increase of traffic on which is an already busy road during peak times as it is already used as a rat run to avoid Kidlington centre.
I am also concerned about the infrastructure or indeed lack of it, especially with the numerous houses already passed to be built in the Kidlington area.
I assume that the flooding issues would be addressed but this too is a concern as the gardens and fields north of The Moors are already flood prone.
There are already thousands of new houses already coming to the Kidlington area, do we really need to lose this beautiful greenbelt land for the sake of a few more hundred on such an unsuitable flood plain?"/>
