25/01346/OUT, MR and Mrs Hutchinson 181 The moors Kidlington. The farmer that owns the other fields has put in a hard-core road to his fields so does that mean the 340 houses is already got th

e go ahead.

As we said before about the drains in the road from 162 to Banbury road are very shallow and won't take the heavy lorry's as the road to bunkers hill was resurfaced this year and the first drain cover was repaired level with road if you look now where the lorry's to the tip, cross the drain, it has already collapsed in less than a year this will happen in the MOORS. Plus the roads in Kidlington are not fit for more traffic, if the a 34 has a problem traffic comes through Kidlington and it took me friend 5 minutes to get on to the Banbury road from the moors. So will that mean traffic light at the moors and Benmead road to cope with traffic. Plus this will cause more traffic problems. Please look at all the problems this development will cause as Kidlington will not cope.
