Comments	<input type="text" value="- Although the application purports to be in Kidlington, it is in reality on the extreme edge of Woodstock.
- Woodstock's infrastructure (health, schools, roads) is already extremely overloaded. The doctor:patient ratio is already the worst in the county and the surgery cannot cope with another 1500 or so patients.
- Cowells Road. This is a narrow road to service the needs of Park View. To make it a through road and a bus route is madness and dangerous being so close to children's playgrounds. This proposal contravenes OCC's policy of keeping traffic off residential roads and making vehicles use main roads.
- The application should be rejected."/>
