Comments	<p>My objections are as follows:</p> <p>The impact of this new development which comes under Cherwell DC and is isolated from the surrounds, will be on Woodstock and WODC.</p> <p>There will need to be provision of more school places as there are already 2 further sites with planning in Woodstock to be completed. The current Doctor's surgery is already under review.</p> <p>Linking this site with Park View will provide a rat run for traffic. It is already difficult for residents of Park View and Princes Ride to turn right onto the A44, and almost impossible when there is an event at Blenheim. Once Cowells Rd is fully open on Park View, traffic will be using that as a rat run. Drivers on the A4095 Upper Campsfield RD will not go to the Bladon roundabout to turn into Woodstock for a Blenheim event when there is redirection of traffic from the north down to the roundabout causing queues.</p>
