Dear Cherwell and Woodstock council representatives

I am a resident of Park View living on cowells road.
We have recently been informed some plans for new development near us and I would like my below opinions to be noted in the planning decisions.

I would object to any Bus gates or restrictions for other motorists in the area. I dont believe the traffic levels would reach a high enough level to warrant this.

I would object to any resident parking scheme created. There is no need for the extra confusion and administration so long as the new develop is created with enough parking spaces/area to meet the estimated needs of the residents in that new development and considering an allowable number of visiting cars to the area.

Kindest regards

Capt. Stefan Czuplak
