

D.0342

9th August 2019

Andrew Lewis
Principal Planning Officer
Cherwell District Council
Bodicote House
Bodicote,
Banbury
OX15 4AA

Dear Andrew,

**Revisions to the Heritage Centre Management Plan at
Heyford Park, Upper Heyford**

Further to your email dated the 31st July, and our discussion regarding the proposals to 'swap' Building 3008 for Building 2010 as part of the heritage provision at Heyford Park. Dorchester wish to seek the agreement of the Council to amend the Heritage Centre Management Plan in respect of the QRA area, so as to exclude Building 3008 but include Building 2010 instead.

An amended version of the Heritage Centre Management Plan is duly attached to this correspondence. The proposed changes have been 'tracked' for clarity, and also includes the following updated plans:

- Plan ref: D.0342_61; and
- Plan ref: D.0342_64.

It should be noted there are separate applications submitted in respect of the proposed physical works to the buildings to facilitate the changes, and also for Scheduled Monument Consent for proposed internal works which have been submitted to Historic England to facilitate this change.

This request is consistent with, but additional to, those applications in that agreement is sought from the Council to amend the '*Heritage Centre Management Plan*' as referred to and defined in Schedule 3 of the 'Lead Appeal' Undertaking dated 23 January 2009. It is noted that the definition of a '*Heritage Centre Management Plan*' expressly allows for the Heritage Centre Management Plan as attached to the Undertaking '*may be revised from time to time with the consent of the Council*'.

We would therefore be grateful if you would confirm that the Council give their consent to vary the Heritage Centre Management Plan to the revised version attached to this correspondence in respect of the January 2009 Undertaking requirement.

Yours sincerely

A handwritten signature in blue ink, appearing to read "Alex Robinson". The signature is fluid and cursive, with a long horizontal stroke extending to the right.
