

Public Realm Enhancement

The quality of the hard surfaces throughout the development are of key importance as they communicate the value and importance the Village Centre has within the wider Heyford Park Development. As a result, a selected palette of quality natural stone and clay pavers have been selected to create an functional, robust and attractive streetscape environment throughout the village centre.

Public Realm Enhancement

The Plan shows parking provision of:
 137 No. Standard Car Parking Spaces
 8 No. Disabled Car Parking Spaces
 4 No. Bus Layby / Stop Spaces
 80 No. Cycle Stands (Accommodating 160 Cycles)

Key

- Shared Surface Treatment
- Pedestrian Movement
- Pedestrian Nodes
- Cycle Stands
