Dear Sir

Re: Planning application 11/00617/OUT

I wish to object to the application to build 80 houses between Blackwood Place, Molineux Drive and Coteheld Farm on the grounds that:-

- They are not needed because there are already plans to build over 1000 houses on land from Bankside to the Rugby Club.
- Traffic will be increased significantly, particularly at peak times. This will lead to more congestion on the Oxford Road. Already there are many near misses where traffic is turning right into the Oxford Road from Weeping Cross to travel towards Oxford.
- Houses at this site will spoil the rural view for many of us who walk from Bodicote down to the Sor Brook.
- There will be more strain put on local amenities such as the school.

Yours Faithfully
